

eco-union

INTERNSHIP

Junior Researcher

on Environmental Sustainability

eco-union is an environmental association based in Barcelona promoting a more sustainable Mediterranean region. We are a multicultural, independent, young and collaborative organization that works actively at local, national and global level. We are looking for motivated and committed intern to give support to our research, advocacy and advisory activities.

Main tasks

- ✦ Inception, design and development of conceptual notes, scoping studies and technical reports on Environmental policies, green/blue Economy and/or sustainable Finance in the Mediterranean region.
- ✦ Data gathering and technical analysis of international databases, policy reports and experts' consultations.
- ✦ Support to the organization of events, workshops and conferences both locally and internationally.

Requirements

- ✦ University studies on environmental policies, sustainable economy and/or international affairs, or equivalent.
- ✦ Excellent writing, reading and speaking knowledge of English and Spanish.
- ✦ French, Arabic and Catalan are a plus.
- ✦ MANDATORY: to be registered in the *Garantia juvenil* program of the Generalitat de Catalunya

Skills

- ✦ Analytical mind to process information and data
- ✦ Writing skills to develop a structured report
- ✦ Interest and commitment with environmental sustainability and Mediterranean affairs
- ✦ Flexibility, autonomy, collaborative and initiative spirit

We offer

- ✦ Internship contract or convention for 6 months (extendable).
- ✦ Starting the 1st of November 2019
- ✦ 40h/week, flexibility of working hours, ability to travel.
- ✦ Unique learning experience in a young, dynamic and international NGO
- ✦ Working place at our Barcelona office with possibility of (partial) home-working

You can send your CV + motivation letter at info@ecounion.eu before 25/10/19
